

Hello girls and families,

The work for this week is laid out in the grid below. These are only suggested activities, so please don't worry if you don't get it all done or if you can't access the internet. We have highlighted the work in the grid below that you will need to put into your copies and shaded the Seesaw tasks in blue.

## English

This week we are reading about *A Bear Called Paddington* in Starlight. Some of you may have read the book *The Adventures of Paddington* or seen the movie *Paddington*. We have seen some great work in your copies, but we still need to remind you of a few important things you need to remember:

- Remember a title and date on each piece of new work in your copy. A title needs a capital letter!
- Capital letters are needed for people, places, pets, days, months, titles and of course the start of a new sentence. Always remember to use a capital I when speaking about yourself. You are important!
- Skip a line between each question to keep your work neat and tidy. Write the number of the question into your margin.
- Try and write at least one page of news. This copy will be like your diary of your time off. You might look back on it in years to come!
- Neat handwriting. Slow and steady wins the race!
- When you draw a diagram, like a life cycle please label it.

## History/Science/Art

This week we are learning about Neil Armstrong, the first man to walk on the moon. We look forward to seeing pictures of your rocket ships!

## Seesaw

We are enjoying working with you on Seesaw. It is a great platform for learning and we are all learning new skills! If you have any problems using it please do not hesitate to contact us through email.

We hope you have a lovely week.

Ms Clinton and Mrs O' Malley.
