

4<sup>th</sup> class Math Group Work - Ms. Sheridan

*Week: Monday 11<sup>th</sup> May - Friday 15<sup>th</sup> May*

Hello girls,

I hope everyone is keeping nice and safe. I have attached below a list of daily work for you to complete over the next week if you can. Just try your best. If you get stuck, please don't worry just move on to the next question.

I am really looking forward to seeing everyone again 😊

See you soon,

Ms. Sheridan

**Monday**

- Tables- Multiplication – x12. Revise 12 times tables again and learn off by heart. If possible, play this game to revise your 12 times tables.

<https://www.timestables.com/12-times-table.html>

## Rounding

Have a little look at the image below, it helps us to understand rounding a little better 😊

Have a go at rounding numbers to the nearest 10 in the questions below!

The first question is done for you 😊

## Rounding to the Nearest 10

Can you round these two-digit numbers to the nearest 10? Use the number lines to help you.

### Tuesday

- Maths Challenge – Try to get one complete today. Continue on from where you have stopped.
- Tables- Multiplication – x12. Revise 12 times tables again and learn off by heart.

<https://www.timestables.co.uk/12-times-table.html>

Continue rounding the numbers below to the nearest ten 😊 Have a look over yesterday's work if you get a little stuck!

6. 88 to the nearest 10 = \_\_\_\_\_

7. 93 to the nearest 10 = \_\_\_\_\_

8. 45 to the nearest 10 = \_\_\_\_\_

9. 44 to the nearest 10 = \_\_\_\_\_

10. 76 to the nearest 10 = \_\_\_\_\_

**Wednesday**

- Tables- Multiplication – x12. Revise 12 times tables again and learn off by heart. If possible, try this multiplication game below:

[http://www.math-play.com/times-table-game-12/concentration-times-table-game-12\\_html5.html](http://www.math-play.com/times-table-game-12/concentration-times-table-game-12_html5.html)

Have a go at the rounding game below! If you don't have counters, don't worry! You can just colour in the number you land on 😊

Example if I roll my 1<sup>st</sup> dice and I get the number 7.

I roll my 2<sup>nd</sup> dice and I get the number 8. I put the two numbers together and I get 78!

I then round 78 to the nearest 10 and get 80 😊 That's the number I put my counter on!

The 1st person to get 3 counters in a row wins!! 😊

## Rounding in a Row

You will need 2 players. Each member will roll 2 dice to create a 2-digit number. Round the number to the nearest 10. If the rounded number is on your number board, you can place a counter over it. The first person to get 3 counters in a row wins!

0	90	30	10	40
80	40	70	50	20
60	10	80	100	50
20	90	60	70	30

Thursday

- Tables- Multiplication – x12. Revise 12 times tables again and learn off by heart. If possible, try this multiplication game below:

<http://www.math-play.com/times-table-game-12/concentration-times-table-game-12.html>

## Rocket Rounding to 10

I can round any whole number to the nearest 10.

The answer for  
question 1 is  
540 😊

Can  
you help me  
collect some space rocks?  
Colour the correct rock to  
show your answers.

- 1) Round 537 to the nearest 10.

- 2) Round 704 to the nearest 10.

- 3) Which space rock will round to 670 when rounded to the nearest 10?

- 4) Round 345 to the nearest 10.

- 5) Which space rock will round to 220 when rounded to the nearest 10?

## Friday

- Ask someone at home to test you on your 12 times tables. Then test them on their 12 times tables.

Well done girls on another fantastic week's work! You all did great, have a lovely weekend
