

6<sup>th</sup> class Math Group Work- Ms. Sheridan

*Week: Monday 22<sup>nd</sup> June- Thursday 25th June*

Hello girls,

I hope everyone had a lovely weekend. It is hard to believe this is the last week of school before the summer holidays. Our work this week is a little more fun, so I hope you enjoy it.

I wish I could see you all in person to say well done on a fantastic year's work. Everyone has worked so hard and deserves some time off in the summer 😊

Best of luck starting secondary school in September, you will all be fantastic!

Ms. Sheridan

**Try these outdoor maths activities throughout your week 🧐**

Outdoor Maths ☆☆

Find an even amount of leaves. How many different ways can you arrange them? What arrays could you use?

What happens when you have a different number of leaves?

Does it work with an odd amount of leaves? What about if you have 15 leaves? Can you make an array? Why/why not?

Outdoor Maths ☆☆☆

Estimate how many leaves there are in this picture.

How many shapes can you see on the gate?

Outdoor Maths

Must a triangle always have straight sides?  
Investigate using different objects that you have found outside.

Outdoor Maths

Find a variety of sticks. Break some of them into halves or quarters and turn your sticks into a fraction wall!
