

Back to School Plan:

What Children Need to Know

We cannot wait to see you back at school really soon. To keep us all safe, some things will be a little different when we get back to school.

Come to school if you are feeling well. If you are not feeling well you must stay at home. If you feel sick in school please tell your teacher who will check with your mum or dad if you need to go home.

— WELCOME —
BACK TO SCHOOL

Your parents and minders are not allowed to come into school this year. The teachers and staff will help you make your way into the classroom instead.

To keep you safe, your class will be your **bubble**. You will sit with some of your friends and you will be in a group called a **pod**. You can still talk to everyone but you may not be able to sit beside them. Each class bubble will stick together, even in the playground. The playground will have a special area for each class. Because class bubbles have to stick together we won't be able to come together for big gatherings in the hall like assemblies. You will still do all the fun things with your class and teacher and you can still see all your friends.

PE: We will do lots of PE outdoors this year so you will get to wear your tracksuit more often.

We all know sharing is caring but this year you won't be able to share things from your pencil case, lunchbox etc. You will keep your pencil case in school.

School Day: Most classes can come to school between 9.10am and 9.25am. You will go straight to your classroom to meet your teacher. At home time each class will have a special time and gate for going home. Your teacher will show you where to go.

We will wash our hands a lot this year!

Covid's not here, let's keep it away, so wash your hands and let's go play!
